Dear Sir:

In response to the Office Action mailed on November 27, 2001, please reconsider the above-referenced application in view of the following amendments and remarks.

IN THE CLAIMS:

Please rewrite Claims 28 and 36 as follows:

28. (Amended) A computer-implemented method for facilitating the management of a web site, comprising:

scanning the web site to generate a first data structure which represents the web site at a first point in time, wherein the web site comprises a collection of inter-linked hypertextual documents;

subsequently, after changes have been made to the web site, scanning the web site to generate a second data structure which represents the web site at a second point in time;
